**Into Games**, a non-profit careers service for the games industry, was launched in 2019 to connect the dots between education and industry, making a career in the video games sector more accessible to young people in the UK, no matter their background.

Their website includes information about the different types of roles in the videogames sector, a showcase of entry level roles and links to free resources and activities for use in schools. For more information about Into Games, check out the link to their website - <https://intogames.org/>

**Careers & Coffee** is a weekly livestream discussing career journeys and different professions with a variety of guests from the world of work. Students can watch live and pose questions to the guests, however all episodes can be viewed later.

**Suffolk New College** have created a one stop website with helpful information - whether students have applied already, are still deciding, or are considering an apprenticeship, with the opportunity to post questions and comments, to help to bridge the gap between the college and you at home.

Students can access the site via the website link below, or using the QR code attached.

<https://suffolknewcollege.padlet.org/rachelhawes/j57ottxyfnqudova>

Please find below an introductory video which will walk you through how the website works.
